ONSITE TRAINING

Now you can request Spears training on either of the topics described below.

Schedule training with your Yeager Supply sales representative or call 800-422-8140.

A Yeager Supply sales representative along with one of our Spears representatives will go to your company's location or jobsite to train your installers.

TRAINING COURSES

Spears Installation Training & EverTuff CTS Installer Protection Program

- Learn differences between PVC & CPVC pipe
- Visual aids & hands-on examples
- Installation considerations for each application - plumbing, fire protection, specialized drainage, HVAC
- Identifying potential problems in the construction phase
- Handouts include proper installation instructions

Participants will be able to:

- identify the materials & schedules of various pipes & fittings
- learn proper & installation techniques
- see different options for material transitions

Spears Installation Training for LabWaste CPVC Corrosive Waste Drainage Systems

- Proper solvent cement, handling & installation techniques for installing contractors of Spears LabWaste corrosive waste drainage systems

Overview of new Spears products

- CPVC & HDPE neutralization tanks
- True Union 3-way full port ball valves

After full training for the contractors attending, & sign-off, they would be qualified to participate in the EverTuff CTS Installers Protection Plan

NEW: SPEARS TRUE UNION 3-WAY FULL PORT BALL VALVES FOR INDUSTRIAL & CHEMICAL PROCESSING

Let's Build a Better Future Together
