LIQUID LEVEL MEASUREMENT & CONTROLS

Yeager Supply INC.

ONSITE TRAINING

Now you can request training on Flowline liquid level instrumentation. Schedule training with your Yeager Supply sales representative or call 800-422-8140.

A Yeager Supply sales representative along with one of our Flowline representatives will go to your company's location or jobsite to train your installers.

FLOWLINE™

FLOWLINE LIQUID LEVEL INSTRUMENTATION TRAINING ONSITE AT YOUR LOCATION

When, where & why you should select one product over the other

1. New Reflective Ultrasonic's
2. Guided Wave Radar
3. Pulse Radar
4. **Product discussions**
 - General Purpose
 - Intrinsically Safe (IS)
 - Hazardous (XP)
5. **New** solids level instrumentation
6. WebCal software
 - How to configure sensors to their measurement & control requirements
 - Testing configurations

With any one of these solutions, you can provide accurate & reliable liquid level measurement & or automation control that will meet your need with ease of installation at an extremely competitive price

WebCal software is a PC utility program that enables users to easily configure & test compatible Flowline level sensors to their measurement & control requirements
