

# SOLID LEVEL MEASUREMENT & CONTROLS

Yeager Supply INC.

## SELECT SERVICES OFFERED BY YEAGER SUPPLY

### Monitoring systems

- Controls selection
- Start-up service
- Custom panels for solids  
- Built to specifications

## SOLIDS LEVEL TRANSMITTERS

### Non-contact sensors

### Pulse radar for dry solid medium

- EchoPro® LR36 for process conditions with minimal dust at bin, transfer station or crushers for aggregates, grains, pellets, powders & building materials
- EchoPro® LR41 for challenging conditions with moderate to significant dust for silos, stockpiles, transfer stations & crushers
- EchoPro® LR46 for most difficult conditions with significant to extreme dust in silos

## DATA INDICATORS

- DataLoop® L125-2 - Intrinsically Safe

## FITTINGS & ENCLOSURES

- Reducer bushings 2" x 3/4", 2" x 1 1/2" TBE
- Flanges 3" x 1 1/2" - 6" x 1 1/2" ANSI x Thrd
- LM92 enclosures - single & double

# FLOWLINE™

When you sign up for Flowline training with Yeager Supply you will receive a free Technology Guide (white paper) & the most current Flowline products V12 brochure (see back for details)

# LIQUID LEVEL MEASUREMENT & CONTROLS

**Yeager Supply** INC.

## ON-SITE TRAINING

Now you can request training on Flowline liquid level instrumentation. Schedule training with your Yeager Supply sales representative or call 800-422-8140.

A Yeager Supply sales representative along with one of our Flowline representatives will go to your company's location or jobsite to train your installers.

**FLOWLINE**™

## FLOWLINE LIQUID LEVEL INSTRUMENTATION TRAINING ON-SITE AT YOUR LOCATION

**When, where & why you should select one product over the other**

1. New Reflective Ultrasonic's
2. Guided Wave Radar
3. Pulse Radar
4. **Product discussions**
  - General Purpose
  - Intrinsically Safe (IS)
  - Hazardous (XP)
5. **New** solids level instrumentation
6. WebCal software
  - How to configure sensors to their measurement & control requirements
  - Testing configurations

---

*With any one of these solutions you can provide accurate & reliable liquid level measurement & or automation control that will meet your need with ease of installation at an extremely competitive price*

---

*WebCal software is a PC utility program that enables users to easily configure & test compatible Flowline level sensors to their measurement & control requirements*

---
