

# BACKFLOW PREVENTION & MIXING VALVES

Yeager Supply INC.

## BACKFLOW PREVENTION

**Double check valves with press connections**

- **LF007 series 1/2" to 2 1/2"**
- **LF009 series FDA approved 1/2" to 2"**
- **LF709 lead free assemblies**
  - cast iron 2 1/2" to 10"

**Dual check valves**

- **LF7R lead free flanged brass 1/2" to 1"**
- **9D series with intermediate atmospheric vent**
  - M2 1/2" & M3 3/4"

**Vacuum Breakers**

- **8 series hose connection vacuum breakers**
- **288A repair kits for hot or cold water anti-siphon**

## MIXING VALVES & REGULATORS

**Hydroguard thermostatic tempering valves**

- **LFLM490 for hot water heater installations**
- **LFLM495 for lavatory installations**
- **LFLM496-HTK hot water tank capacity extender**
- **LFMM430 XP lead free for water 208 gpm max & as low as 3 gpm**

**Temperature & pressure regulators**

- **595 series #11 self-operating set temperature for processing equipment, heat exchangers or machinery 1/2" to 2"**
- **174A boiler pressure relief valve protects against excessive pressures**

# WATTS®

# POWERS™

A Watts Water Technologies Company

**Ask a Yeager Supply sales representative about other Watts/Powers items available upon request**

## ON-SITE TRAINING

Now you can request training on Watts backflow prevention, Powers mixing valves & new product demonstrations.

Schedule training with your Yeager Supply sales representative or call 800-422-8140.

A Yeager Supply sales representative along with one of our Watts/Powers representatives will go to your company's location or jobsite to train your installers.

## On-site Training at your location or jobsite

### WATTS BACKFLOW PREVENTER BASICS

- How to determine which backflow to use
- How to repair & service backflows
- Troubleshooting

### POWERS MIXING VALVES

- Manual & digital mixing valves

### DEMONSTRATION of Powers IntelliStation™

- Mixed water throughout a hot water recirculation loop
- The digital water mixing and recirculation solution integrated in a building automation system (BAS) allows facilities managers to remotely monitor and control water temperatures
